CULTIVATING **CREATIVE MINDS**

# ABOUT US

At Paradime, we believe in nurturing creativity and fostering a lifelong love for music. We celebrate the power of music and its ability to inspire, connect, and transform. Whether you're a beginner looking to explore your passion or an experienced musician aiming to refine your skills, we offer a supportive and vibrant environment for all.

## MEET OUR FOUNDER:

Harrison is a passionate musician and dedicated educator with over 10 years of experience in the world of music. His journey began at the age of 10. Inspired by different musicians, he took up music as his passion and developed his skills across various instruments and styles.

Though he pursued a Bachelor's degree in Mechanical Engineering, graduating in 2019, Harrison's love for music remained at the forefront of his career ambitions. In 2021, he founded the Paradime Academy of Music, creating a space where students of all ages and backgrounds could learn and appreciate the art of music.

In addition to the academy, Harrison also established Paradime Productions, which includes Paradime Recording Studio and a Video Production unit. This entity specializes in music production, video production, and graphic design, offering a holistic platform for creative expression and collaboration.
